DURAZZO

Goal for Which Two Great Armies Are Striving

IMPORTANT ALBANIAN PORT

Bulgarians Entrench Along Greek Border

TROOPS ARE DEBARKING

At Saloniki and Allies Are Planning to Strike Effective Blow Against the Central Powers—Staff of Germans Preparing Two Strokes Against Strategic Points.

(ASSOCIATED PRESS TELEGRAM)

London, Dec. 21.—The Albanian port of Durazzo is said to be the latest objective of the Teutonic-Bulgarian campaign in the Balkans. Strong forces are believed to be marching across Albania in an effort to forestall Italian occupation of the coast.

In the meantime, there is no indication of the development by the central powers of an offensive against the allies in Macedonia.

On the contrary, it is reported the Bulgarians are entrenching themselves along the Serbo-Greek border. The first concrete evidence of friction between Greeks and Bulgarians comes from Belgrad, where Bulgarian bands and Greek forces, according to press dispatches, have come in conflict.

If an offensive movement toward Saloniki is undertaken, it is hardly likely Greece will interfere, as she must grant the same facilities to the central powers as she accorded the entente allies if the present policy of neutrality prevails. While the Germans, Austrians, Bulgarians and Turks are concentrating troops along the front of Greece, the Macedonian border, the entente allies are ceaselessly debarking men and munitions at Saloniki. Several months will be necessary however before they can hope to undertake an offensive movement on a scale which could possibly succeed.

Paris reports Germany is preparing two gigantic strokes, one against Calais and the other toward Egypt in the hope of ending the war by smashing blows at these vital strategic points. German guns are busy along the western front, but no further evidence has been received of an offensive there. In an effort to prevent British aerial reconnaissance, according to a British official report the Germans sent up squadrons of aeroplanes, resulting in 44 conflicts in the air with the loss of two aeroplanes by the Germans and one by the British. Along the French front an incessant fire against the Germans is being kept up.

The British public is awaiting with intense interest details of the withdrawal of the army from the Suvla Bay and Anzac districts of Gallipoli peninsula. Newspaper comment shows mingled feelings of regret and relief. This feeling reflects the attitude of the British public toward the whole Near Eastern venture and confidence is increasing here that the fortunes of the allies in this region having reached the lowest point will begin to rise.

ISSUES REQUISITION

Columbus, Dec. 21.—The governor's office today issued a requisition on the governor of Indiana for the return of George Jauch, wanted in Cincinnati on a charge of failure to provide for maintenance and under arrest at Indianapolis.

Turkey Enthusiastic and Predicts Eventual Victory for the Central Powers

(ASSOCIATED PRESS TELEGRAM)

Berlin, Dec. 21.—(Via London.)—"Turkey has an abundance of food and other material of all kinds, which she can supply to Germany if Germany needs them," said Dr. Nazim Bey, secretary of the Young Turks committee and one of Turkey's most prominent men in a statement to the Associated Press on his arrival in Berlin today.

"It is only a question of transportation which seems to be in a fair way of solution.

"There is no lack of anything in Turkey. For example, we have 10,000,000 kilograms of cotton which Germany can have the moment she solves the transportation problem, not to speak of 10,000,000 kilograms of reserve supply in the shape of mattresses and other articles in Turkish homes.

"The same is true of copper. Of this we have at least 40,000,000 kilograms which Germany can have at any time."

Because of this abundance of necessities and of the progress of military affairs to this time, Dr. Nazim Bey predicts eventual victory for the central powers. He is certain Ger-

LUSITANIA

Case Near Settlement When Dismissal of Attaches Took Place

MATTER IS POSTPONED FOR PRESENT

Sinking of Anconá Also Has Bearing On Subject

MUCH ADVERSE CRITICISM

Heard In Germany Over Demands of United States Upon Austria and Resentment is Shown for the Request of Recall of Officials—Await a More Favorable Time.

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 21.—Full settlement of the Lusitania case including reparation for the lives of the American victims which it became known today recently was near, has been postponed by the dismissal of the German naval and military attaches and the American demands on Austria-Hungary as a result of the sinking of the Anconá.

Consideration of the state of public opinion in Germany, because of these two acts of the American government according to reliable information received here has caused officials in Berlin to decide that such a settlement as might be made with the United States would not now meet with popular approval in Germany.

An agreement it was said, was practically reached soon after the American note to Great Britain protesting against interference with neutral trade had been published in Germany. The note, it is said, created a remarkable pro-American sentiment in Berlin as well as throughout Germany.

At that time it is said, public opinion would have approved reparation, but making a settlement of the controversy possible. Negotiations between Secretary Lansing and Count Von Bernstorff, the German ambassador, were progressing when the United States demanded the withdrawal of Captain Boy-Ed and Captain Von Papen.

That act, according to advices here, caused German opinion to swing back to resentment of the action of the United States because the belief prevailed that the attaches had done nothing to warrant their removal.

The demands upon Austria and the vigorous terms in which the first note was couched next attracted adverse criticism in Germany, and the resentment, started by the request for the recalls is described as having increased materially.

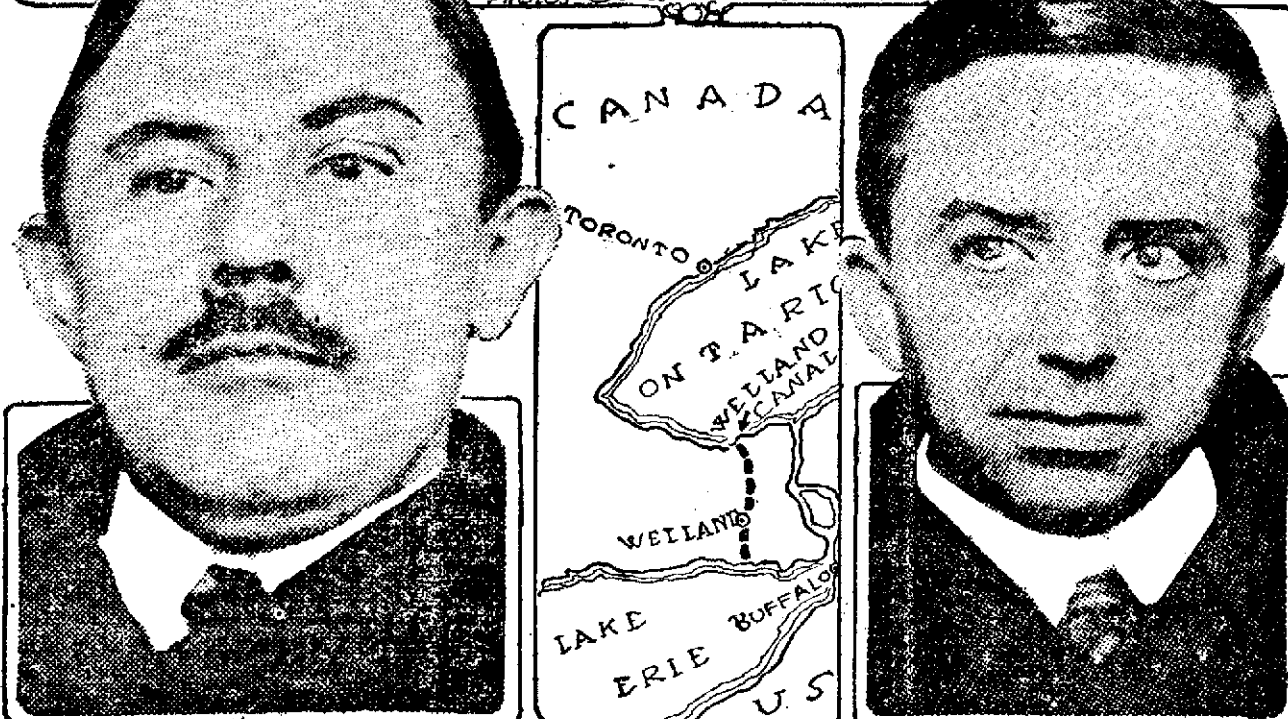

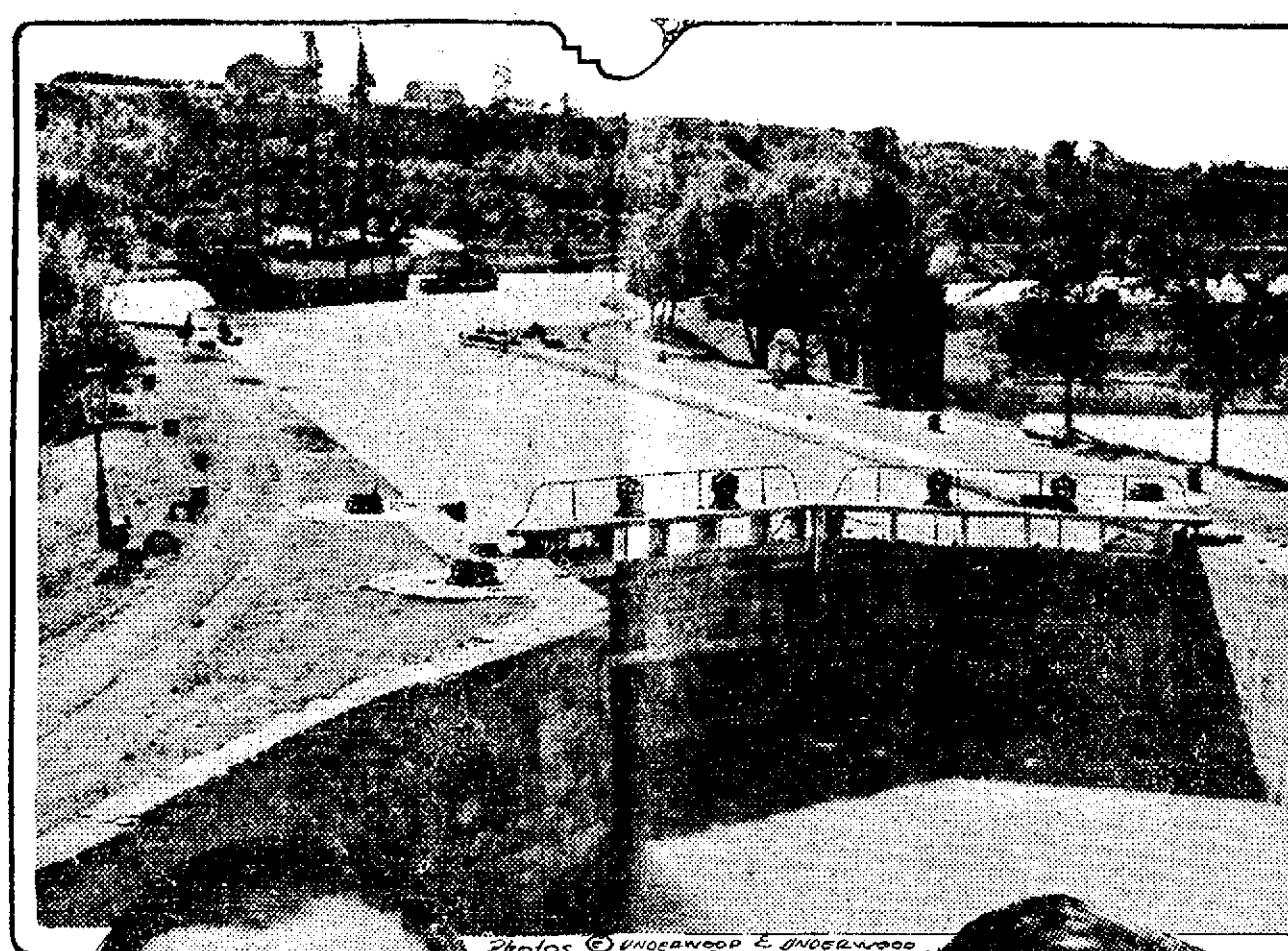

To recede even a trifle at this time, Berlin officials were said to believe, would bring on a storm of public disapproval, and furnish the opposition to the government with grounds for criticism.

Officials now believe that at some time in the future when public opinion again is more favorable to the United States concessions may be made by Germany.

German officials are said to be convinced that an indemnity for the Americans lost on the Lusitania and something in the nature of a disavowal will be the only measure to satisfy the United States. They are also said to feel that the best disavowal which can be given will be the promise not to repeat such an act, which already has been given.

Just actually how near to an agreement Count Von Bernstorff and Secretary Lansing are, is not known. (Continued on Page 2, Col. 3.)

MEN HELD IN PLOT TO BLOW UP WELLAND CANAL HEADS GERMAN SECRET SERVICE HERE, THINK U. S. AUTHORITIES

View of Welland Canal and map showing its location. Paul Koenig (left) and R. E. Leyendecker.

That Paul Koenig, the German who has been arrested in connection with the plot to blow up the Welland Canal, is the chief of the German secret service in America is the belief of federal authorities. R. E. Leyendecker, who is also under arrest and enjoying his liberty under heavy bail, is regarded as Koenig's chief assistant.

Grand Juries Are Investigating Alleged Plot to Blow Up the Welland Canal and Destroy International Bridge at Niagara

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 21.—Two Federal grand juries are investigating today the alleged plot to blow up the Welland canal, and the activities of labor's national peace council in instigating strikes in war munition factories.

Samuel Gompers, president of the American Federation of Labor, who testified yesterday in the case of the labor council is under subpoena for further appearance before the grand jury with Frank Morrison, secretary of the federation.

It was reported today that inquiry into the Welland canal conspiracy has shown that Paul Koenig, who is

under arrest as the chief conspirator, was watched by secret service agents while on frequent trips to Washington and that he carried to that city suit cases or trunks containing documents and delivered them to persons in that city.

As illustrating the ramifications of the federal investigation here it was said today the government agents are collecting evidence regarding alleged plots to blow up power houses on both the Canadian and American sides of the Niagara river at Niagara Falls and to destroy the Michigan central and Grand Trunk international bridge.

Snowden H. Marshall, United

States district attorney, today received evidence concerning an effort to ship rubber, a contraband of war, from New York to Germany. The facts in the case come to light when the neutrality squad of the customs service seized trunks and eight packing cases containing about 3,500 pounds of rubber.

All these trunks and cases were checked as the personal baggage of a woman who was booked to sail for Rotterdam on the Holland-American liner Ryndam on November 27. Exportation of goods for commercial purposes without notifying the customs authorities is a violation of the federal statutes.

BROTHERHOOD OF TRAINMEN MAKE DEMAND

(ASSOCIATED PRESS TELEGRAM)

Chicago, Dec. 21.—Presidents of the four brotherhoods of railway trainmen started work today preparing the ballot that is to be sent to the 400,000 employees of the 458 railroads in the United States asking their approval of these demands:

"An eight-hour day, with the same wages now paid for working ten hours.

"Time and one-half for working overtime."

These demands, completed here last night by officials of the Brotherhood of Locomotive Firemen and Engineers, Order of Railroad Conductors, Brotherhood of Locomotive Engineers and Brotherhood of Railway Trainmen, will be mailed to every member of the four organizations January 1, it was announced. They will be given sixty days in which to vote and return the ballots.

After all ballots have been returned, officials of the four organizations will meet in Chicago, probably in April, to agree on a date for presenting the result of the vote to the railroads.

FLOOD DRIVES PEOPLE FROM THEIR HOMES

(ASSOCIATED PRESS TELEGRAM)

Evansville, Ind., Dec. 21.—The Ohio river here was within almost two feet today of the crest stage of

40 feet, predicted by Al Brand, local weather bureau official. The river stage was 37.6 feet, almost three feet above flood stage and the water was steadily rising. It is estimated that five hundred families will be driven from their homes by a forty-foot stage.

AMERICANS ARE REPORTED SAFE

(ASSOCIATED PRESS TELEGRAM)

Saloniki, Greece, Dec. 20.—Via Paris, Dec. 21.—Dr. Henry Forbes of Boston, Mrs. Walter Farwell, a Chicago newspaper correspondent, and Miss Mitchell are safe and well at Monastir.

Saloniki dispatches received yesterday stated that Dr. Forbes and Mrs. Farwell were being held in Monastir by the Bulgarians who had torn down the American flag from the Red Cross hospital of which Dr. Forbes is in charge and seized flour which the Red Cross was distributing to civilians.

NEW MEMBER OF THE COMMISSION

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., Dec. 21.—Louis M. Day, Chillicothe, newly appointed Democratic member of the state public utilities commission today qualified by filing his bond with the secretary of state and took his seat with the other commissioners in the coal rate hearing.

AMERICANS TO RESUME OPERATIONS

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 21.—Americans having commercial interests in Mexico are preparing to resume the operation of their properties there in the belief that the revolution headed by General Villa is ended. Engineers already have been sent to Mexico by the Mines Company of America, which operates gold and silver mines in northern Mexico.

The Monterey smelter of the American Smelting and Refining company is said to be intact and can be made ready to operate again by the first of the year. Plans are being made to resume operations of the El Rayo mine in Chihuahua within a short time, it is said. It was intimated today that the rehabilitation of the National railways of Mexico will not begin before the end of February. Large expenditures will be required if it is understood to place that property in operation as its rolling stock is said to be scattered and its bridges and abutments neglected.

Before the New York bankers advance funds for refinancing, the Mexican government may have to demonstrate that it can pay its debts. The exchange rate between Mexico and the United States is now in the ratio of 14 to 1 against Mexico.

OPTIMISM

Prevails at the Conference of Baseball Magnates in Session Today

WILL SIGN THE PEACE DOCUMENT

Before Adjournment Takes Place, Prevailing Opinion

CUBS TO BE PURCHASED

Federal League Backers of Chicago Team to Purchase Taft's Interest in National League Club—St. Louis Americans May Be Sold in Case Peace is Declared.

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, Dec. 21.—The meeting of representatives of organized baseball and the Federal league which in the opinion of almost every man connected with the conference will end in the signing of a treaty of peace, began here shortly after noon today.

It was learned officially that the initial committees that will confer with the national commission and representatives of the Federal league. As far as possible details of the proposed peace agreement that have to do exclusively with the National and American leagues will be discussed first. From time to time as the occasion arises, representatives of the minor leagues will be called into the conference and when this system of procedure has either been completed or exhausted, the minor league representatives will be admitted to the general discussion which will directly precede the attempt to reach a definite peace agreement.

The delay of a train from the East was the cause of the lateness of holding the initial session today, as President Tener of the National league, President Gilmore of the Federal league, President Barrow of the International league, and numerous other baseball men came west on this train.

The rumor that originated last week relative to the American Association occupying the west side park in Chicago in case the National league club was switched to the Federal league park was a matter discussed by the American Association men previous to the meeting today. It was the consensus of opinion that unless organized baseball as a whole assumed some of the large expenses that would be entailed in taking over the grounds no American Association team would be placed in Chicago.

It was stated semi-officially today that the welfare of the umpires of the Federal league would be considered during the negotiations.

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, O., Dec. 21.—There was not a discord in the optimistic outlook for peace in baseball when representatives of organized baseball and the Federal league met here today to take up the negotiations looking toward the ending of the two years of war where they left off when they adjourned at New York Saturday.

If the opinion of the majority of the men who will compose the conference are not greatly wrong, the document which will bring peace to baseball will be signed and sealed before the conference adjourns sine die.

Optimism fairly beamed from almost every one of the magnates who gathered previous to the meeting today. "I am certain that peace will ensue before the end of the year," (Continued on Page 2, Col. 4.)

JUAREZ

In Control of Revolutionists for Years, Now Government Port of Entry

ENTRANCE CARRANZA OFFICIALS

Expected When Armistice Approved

VILLA CABINET LEAVES

Personal Control By Revolutionary Leaders Has Passed Into Hands of the Government—Only One Port of Entry Where Control of General Carranza is In Doubt.

(ASSOCIATED PRESS TELEGRAM)

Juarez, Mex., Dec. 21.—Dominant since November, 1913, by the Villa revolutionary party, this border town opposite El Paso, Texas, is prepared today to take its place as a Carranza controlled port of entry in Northern Mexico.

The entrance of officials of the Carranza government is expected today upon receipt of advices from General Carranza that the armistice granted Villa by Consul Garcia had been officially approved.

The departure from here late last night for El Paso of Hipolito Villa, and all his staff employed at the financial agency of the Villa government was taken as an indication that the personal control by the Villa brothers had passed.

The only port of entry in Northern Mexico, where the Carranza control is in doubt is Palomas, opposite Columbus, N. M., which has a small garrison. It is not likely to be a disturbing influence in Mexico, it is said, unless General Villa succeeds in aligning with the forces of General Jose Rodriguez at Casas Grandes, and attempts to make Palomas a port of entry. In such event with the only force he could assemble, it is believed there is small hope of success.

Fidel Avila, former Villa governor, was in charge of Chihuahua state, with General Manuel Ochoa, a former Villa officer, in command of the military for the defacto government. N. Amador, sub-secretary of the defacto department of interior, was appointed mayor of Juarez.

Reports here indicated that General Alvaro Obregon had reached Nogales, Sonora, enroute to Chihuahua to organize the former Villa forces.

Late last night the wives of General Villa and Colonel Hipolito Villa departed for New Orleans, on their way to Cuba, accompanied by a retinue of servants.

RIOTING HAS STARTED AT JUAREZ, MEX.

(ASSOCIATED PRESS TELEGRAM)

El Paso, Texas, Dec. 21.—Rioting began in Juarez about noon today. A street car which entered the town at the international bridge, was stoned by a mob and the passengers, including a number of Americans, were robbed.

The crew and passengers fought off the Mexicans and the car escaped to El Paso. A crowd of Mexicans gathered at the bridge seeking passage to American soil. Several Juarez stores were closed. Some were looted.

Troops in Juarez declared they would remain loyal to Villa until the commander, General Manuel Ochoa, signed the articles of surrender. (Continued on Page 2, Col. 5.)

Wrote Holiday Greetings to Sister; Man Was Killed Before Letter Was Mailed

Before he had opportunity to mail a letter sending Christmas greetings to his sister, Mrs. C. A. Thomas, Solomon City, Kans., a man believed to be D. E. Thomas who has been in Newark for some time, was run down by a yard engine at the Second street crossing, shortly after 6:30 o'clock Monday night, and died about midnight at the City Hospital.

One leg was cut off at the ankle and the other leg was crushed. His head was crushed and there were numerous cuts and bruises about the face and body.

The Bazler ambulance took the man to the hospital and following his death the body was removed to the Bazler Morgue in West Church street where it was prepared for burial.

At the morgue it was viewed by many persons who sought to identify him but he was not known to any of those who saw the body up to noon today. His name was taken from the letter which was found in his pocket and which was addressed to his sister.

In this letter he spoke of having been confined to his room for six

weeks and stated that he was not able to walk much. The letter was written on a single sheet of paper on which were a dozen biblical references. A clipping from the Advocate about the middle of October, giving a list of the criminal assignments for trial in common pleas court, was also found in his pockets. He had but 30 cents in money, a razor, spectacles, mirror, etc.

The man's body is literally covered with tattoo marks. On his chest is tattooed a Victoria Cross, and a palm tree with a snake entwined about the trunk. On his right leg was tattooed a large cross. On the right the left arm was the head and war vessel, a gun, sword, a heart pierced with an arrow, the initials "A. S." the date "1876" (or 1896) and an elaborate floral design. On the left arm was the head and shoulders of a woman, the British flag and Union Jack, a cross, a smaller reproduction of the tree and snake, and other figures. Both hands and all the fingers were ringed and spotted with tattoo marks.

An effort is being made to learn more of the man's history.

Last Meeting for Five of Present Councilmen; No New Information from Mr. Knauber

Five members of the city council performed their last duties at last night's meeting, which is the concluding one of the present year and of the present councilmanic body. Four of these five members, O. J. Payne, H. L. Rexroth, J. R. Ashbrook, J. Phil Baker made short talks expressing their appreciation of the courtesies shown them by fellow members during the past two years. Councilman Legge, who also retired, said he had nothing to say.

The meeting was attended by all the newly elected councilmen, besides a large number of citizens who evidently expected to see Councilman Knauber throw more light on the condition in the Newark police department, which he exposed at the last meeting. If such was the case, these citizens were disappointed, for Mr. Knauber made no further statement, though his ordinance to create the position of desk sergeant, which was the occasion for his address at the last meeting, was defeated for want of a second when he moved the passage of the measure.

"Council's action was no surprise to me," said Councilman Frank Knauber last night following the meeting, referring to council's refusal to offer a second to his motion to pass his ordinance which caused a furore in the city two weeks ago. "I had understood," continued the councilman, "that Mayor Bigbee or his friends had reached members of council in the last two weeks and succeeded in silencing the matter. I was prepared and am still prepared to substantiate statements I made two weeks ago. I have heard nothing of any action by the mayor or safety director to investigate any of the charges made."

Mr. Knauber's measure had already been read three times and at the last meeting, in support of his motion for its passage, he made the speech in which he charged that conditions in the department of Safety Director Dayton were rotten, and that the conditions were known to both the safety director and to Mayor Bigbee. He declared that he got most of his information from the director.

Last night, when he moved that the measure be passed, there was no second to his motion. Every councilman sat silently at his desk.

Council passed over the mayor's veto, the resolution adopted at the last meeting authorizing the park committee and the city solicitor to prepare a tentative contract for leasing Moundbuilders' Park for city park purposes. Mr. Knauber, father of the measure, told council that the resolution involved no expenditure of money and that Mayor Bigbee's objection, to wit, that it was inexpedient to add to the city's financial

burden" was not well taken. When the roll was called, all members voted in favor of the adoption of the resolution over the mayor's veto.

Special assessment ordinances for the Chestnut and Fifth street sewers were passed.

Claims of employees of the municipal electric light plant for overtime were presented to council and referred to the law committee. The claims were: S. F. Welsh, \$55.97; Frank Queen, \$77.19; Jesse L. Thompson, \$40.40.

The street committee recommended that Central avenue be opened from Granville to Columbia street by making a street 20 feet wide. It recommended that council refuse the request of John Woole and William Shamp for a cellar way in the sidewalk in front of the Shamp building in East Main street.

The committee also asked for a blue print of the Franklin Addition sewer system before acting upon a communication asking for sewer accommodations in that section.

Clerk Woodward announced today that with the adjournment of council all legislation started had been carried to a conclusion, that nothing would be carried over for the new council.

At the first meeting in January, Councilman Ashbrook will be succeeded by Joseph Stasel; Councilman Baker will be succeeded by J. G. Shiner; Councilman Legge will be succeeded by Harvey Alexander; Councilman Payne will be succeeded by S. H. Beadle and Councilman Rexroth by E. L. Curry.

At last night's meeting, Councilman T. D. Keyes was absent. A letter from him explaining that the settlement of the estate of his brother-in-law who died at Boone, Ia., several weeks ago, was delayed longer than he anticipated and that he found it impossible to return to Newark in time for the Monday night meeting.

TURKEY

(Continued from Page 1.) tions was brought up. Of this he talked in bitter words. America in particular, he said, had gained a false impression in two ways. First, investigators of conditions had not been neutral or unbiased. Second, these investigators went to the wrong sources for their information—to Greeks, Jews, and Armenians, who are Turkish subjects, and have grudges to air.

"Every time a Turk does something praiseworthy in this world he is hailed as an Armenian," he continued. "But every time he commits a crime or acts basely, he is a Turk—or something else."

Dr. Nazim takes issue with those who have said the British coales had broken through the Dardanelles in March, if they had been willing to make a little greater sacrifice. He insisted the principal forts were not damaged and that they had plenty of ammunition to repel any attack.

In the eagerness of high life some people patronize roof gardens, and others take up aviation.

LUSITANIA

(Continued from Page 1.) retary Lansing were before the dismissal of the attaches may never be known. They have a mutual agreement not to discuss the negotiations in any way. It is believed, however, that the ambassador was about to make some sort of a proposal which might have been met with the full or part approval of the United States.

A number of propositions have been submitted by both sides in various stages of the negotiations.

The statement that the negotiations have been delayed for the time is strengthened by the fact that Secretary Lansing has not discussed the Lusitania case with Count Von Bernstorff since the request for the recall of the attaches became public. Furthermore no communications upon the subject have passed between the secretary and the ambassador.

MONTHLY REPORT OF THE NEWARK PUBLIC LIBRARY

Following is the report of the Newark public library for the month ending Dec. 20, as compiled by Neva E. Rees, librarian.

Cash on hand, Nov. 15th, '15, \$3,638. received from fines and services, \$17.92; total receipts, \$21.61. Expenditures, \$17.77; balance on hand Dec. 20th, '15, \$3.84.

Circulation:—Adult fiction for the month, 3017, juvenile fiction for the month, 2047, non-fiction for the month, 1770, total circulation for the month, 6834.

Highest daily circulation, 525, lowest daily circulation, 83, average daily circulation, 263, average daily readers, 49, average number at story hour, 95.

New patrons for the month, 247, number of books mended, 535, money earned from "pay book" shelf, \$26.75.

Number of books added to the library during the month, 180, 35 were purchased by the Library Association, 33 were gifts by friends and patrons, 2 were bound magazines, 1 Martha Wright Memorial, 74 were purchased with "gift money" for children's books and 35 with "pay book" fund.

Gifts to the library:—Mr. Shide, \$1.00; C. C. Metz, 1 vol.; Charles Osborn, 2 vols.; Mrs. Fant, 4 vols.; a friend, 24 vols.; Mrs. E. S. Thomas, 5 vols.; Robert Howell, 2 vols.; magazines and papers, Mrs. Sedgwick, Mrs. Thomas, T. M. Edmiston, W. D. Gilbert, Mrs. Randolph and Miss Robbins.

I want especially to thank those who helped us in the purchase of books for the children's room for Christmas, which will gladden the hearts of many little ones not so fortunate in the way of gifts. Miss Irene Jones gave 31 vols. of nice new books, Allen Snyder, 1 vol.; Leland Wendle, 1 vol.; Martha Belle Sprague, 4 vols.; Hattie Hagerstrand, 1 vol.; C. P. Wilson, \$5.00; Henry Crooks, \$1.00; Mrs. H. P. Scott, \$1; Mrs. Wm. Holler, \$1.00; Progressive club, \$5.00; and other friends of the library to the amount of \$16.00.

The fellow who is always boasting about his conscience should make it perfectly clear.

STORE OPEN TONIGHT UNTIL 8:30 P. M.

Complete Stocks---Superior Service---Competent Salespeople Combine To Make This Store

The Logical Shopping Center For Christmas Shoppers

Christmas business is just double that of last year. The store is crowded from opening to closing time. People have no time to look around and compare values, at this late date, so they make sure of spending Xmas money wisely and prudently by coming here--the store that has gained its reputation of honesty and integrity by its ideal methods of progressive store management and its policy of offering the highest quality of merchandise at absolutely the lowest prices.

Keeping open every night this week is another innovation that has met with hearty approval. That the public wants this extra service is shown by the hundreds who shopped here last night. The salespeople are enthusiastic about it, too. They are our partners this week and are receiving a liberal percentage on every sale they make.

The Xmas Spirit is indeed in plain evidence at this store. Every employe is working with one thought--to please you. And service is the watch-word too. Besides our large force of regular clerks there is a small army of extra salespeople to care for your wants and see that every one has the attention this store is noted for.

If you have not been shopping here come tonight or tomorrow. We want you to note how busy everyone is, how happy the merry throngs who shop here. Notice the wonderful assortments of practical gifts, then ask yourself if this wouldn't be a pretty good place to supply that long list of Xmas gifts that's worrying and tormenting you.

IN RESPONSE TO INQUIRIES

We wish to say that people who join our Christmas Money Club do not have to spend all or even a part of the money for next Christmas.

This Club plan is well adapted for saving money for many purposes besides Christmas money, such as—

To accumulate money for some long-desired purchase.

To meet December taxes, insurance premiums, or to pay off a debt.

Religious and Charitable Organizations can build up special funds or save the money to pay a debt in this way.

By joining one or more classes practically any desired sum can be accumulated.

On next December 15 we mail you a check with interest at 4 per cent per annum.

YOU CAN USE THE MONEY IN ANY WAY YOU WISH.

Call at the office or phone us and get folder giving full particulars.

We urge you to join this week to avoid the rush the closing days of the Club.

THE HOME BUILDING ASSOCIATION CO.
CORNER OF NORTH THIRD AND WEST MAIN STREETS.

THIS YEAR

we paid more than \$116,000.00 to over 4,300 people; next year we expect our Christmas Club will be nearly twice as large. You want to become one of those who will get a check next Dec. 15. Then join tomorrow.

OPTIMISM

(Continued from Page 1.) week," was the way August Herrmann, chairman of the National Commission put it when asked his opinion.

"I see nothing that will interfere at present. I believe we have a thorough understanding with Federal League people over the details to be threshed out," said President Johnson, of the American League.

"We will purchase the Cubs and peace is certain to come at the conclusion of this meeting," said Chas. Weegham, of the Chicago Federal League team. While rumors of various conditions that would be imposed upon one or the other of the two parties, organized baseball and the Federal League were rampant, previous to the meeting, no one with any authority or who would lend his position to know would lend his name to substantiate any of them.

The only deal in connection with the peace agreement which appears to be certain is that Weegham and his associates will purchase the Chicago National League team from Charles P. Taft, present holder of the majority of the stock and that if this deal goes through the National League club will be moved to the Federal League park on the north side. Mr. Taft left here Sunday on a four weeks hunting trip in Texas and it was officially stated at that time that no completion of any deal looking towards the acquisition of the Cubs by any new owner could be completed until he returned.

Another rumor which bore the stamp of semi-official confirmation was that the St. Louis American League team would be sold, or in fact had already been sold, providing that peace was declared. As to who was the purchaser the rumor said naught.

It was the general opinion among members of the conference that the details to be gone over would not be agreed upon in time to finish up the work today. Chairman Herrmann even intimated that it might last until Thursday or Friday although he said he had hopes that the conference would be completed by tomorrow night.

The majority of the men who will be closeted in executive session arrived early today but several of them will not arrive until eleven o'clock, thus the meeting was put off until noon.

While numerous baseball men will be in town, owing to the large

number of reported deals, the conference will be attended by only nine men. They are: The National Baseball commission, representing the National and American Leagues, composed of August Herrmann, chairman; B. B. Johnson, president of the American League, and John K. Tener, president of the National League. Representatives of the Federal League consisting of President James A. Gilmore of that organization; Chas. Weegham, president of the Chicago Federals and Harry Sinclair, President Thomas Chivington, of the American Association; President Edward Barrow of the International League and Secretary John H. Farrell of the National Association, representing the minor leagues.

TAFT SILENT ON SALE OF THE CUBS

(ASSOCIATED PRESS TELEGRAM) San Antonio, Texas, Dec. 21.—Charles P. Taft, owner of the Chicago National league club, was here today enroute to his ranch at Gregory, Texas, where he will spend two weeks on a hunting trip. He would neither deny nor confirm the report that he was offered \$500,000 for the Cubs' franchise. He will return to Cincinnati about Jan. 4.

JUAREZ

(Continued from Page 1.) der executed by the Carranza government and certain Villa generals here yesterday. Ochoa's name was not included among the signers.

WILL DISARM THE INDIANS

Douglas, Ariz., Dec. 21.—General P. Elias Salles, who is reported to have gone to Hermosillo, the capital of Sonora, Mexico, to assume the duties of military governor, intends personally to request General Alvaro Obregon, the Carranza commander-in-chief, to place him in charge of the campaign against the Indians in Yaqui Valley, according to statements today of friends at Agua Prieta, opposite here. He will ask for a force of 10,000 troops.

The expedition against the Indians is for the purpose of disarming them and forcing them to settle in a limited area of Yaqui Valley, it was said.

Washington, Dec. 21.—Official advices failed today to disclose the ex-

act whereabouts of General Francisco Villa, but a report from General Pershing at El Paso, indicated that Villa was on his way from Chihuahua to the border. General Pershing reported that according to the best information available Villa had about 400 men with him. The belief prevailed that Villa would appear on this side of the boundary line.

PROFITS

OF COUNTY SHERIFFS IN BOARDING PRISONERS CAUSE OF SUIT.

Will Be Settled in Supreme Court of State—Average Cost of Boarding Men Said to be 13 cents.

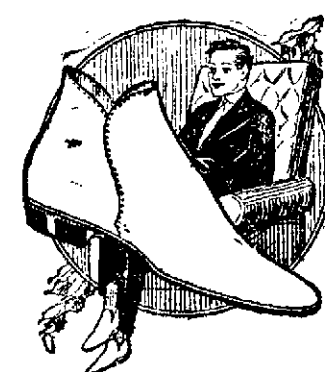

(ASSOCIATED PRESS TELEGRAM) Columbus, Dec. 21.—Fat profits of county sheriffs in boarding jail prisoners is threatened by a suit carried to the supreme court. It involves the question of whether sheriffs may force the payment of the legal minimum of 45 cents a day for the feeding of prisoners confined in jails, though the actual cost of their board may be no more than 15 cents a day. The suit was brought originally by Frank F. Gentsch, Cleveland attorney, against A. J. Hirstius, former sheriff of Cuyahoga county. Both lower courts held against Gentsch, and he filed his appeal in the high tribunal today.

According to statute sheriffs may collect 45 cents as a minimum and 75 cents as a maximum per day for boarding prisoners. In most large counties 45 cents is collected, and in small counties the 75 cent maximum. It is said the average cost of board for prisoners in jails of the large counties is not more than 15 cents a day, and 30 cents is profit for the sheriff.

Penitentiary officials today pointed out that the average cost per day for boarding prisoners in that institution is 13 cents. Here is the state prison menu for today:

Breakfast—Bread and butter, corn meal mush, jelly and coffee.
Dinner—Boiled pickled pork sauerkraut, boiled potatoes, bread, butter, and coffee.
Supper—Pork sausage, apple sauce, hominy, bread and peas.

FIREMEN KILLED BY COLLAPSE OF FACTORY FLOOR

(ASSOCIATED PRESS TELEGRAM) Boston, Mass., Dec. 21.—Two firemen were killed and a third was seriously injured when a floor collapsed in a burning factory building on Cambridge street, early today. The three men were fighting the flames on the third floor of a six-story brick building. The floor above gave way and buried them. The fire caused damage estimated at \$50,000.

Maintenance of prisons in England costs \$2,330,000 a year.

NO PICTURES OF HONEYMOONERS ARE ALLOWED

(ASSOCIATED PRESS TELEGRAM)
Hot Springs, Va., Dec. 21.—The President and Mrs. Wilson took a long walk in the sunshine today. Their stroll, about three miles carried them past the golf links with secret service men following. Mrs. Wilson wore a light walking suit, heavy tan walking shoes and a small black hat.

Congratulatory messages continued to arrive by mail and telegraph. Besides the congratulations from the country have been sent to the couple. Some of the congratulations are couched in rhyme and some are embellished with pictures.

The disappointed moving picture squad was out early this morning and planted cameras on advantageous positions on three hills overlooking the house. Secret service men, acting on the president's orders, have told the photographers that no pictures will be allowed. Not a picture has yet been taken of the couple since they arrived.

CHICAGO POLICE DEPARTMENT TO BE REORGANIZED

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 21.—Further steps toward reorganization of the Chicago police department, were taken today when the civil service commission and Captain H. D. O'Brien, suspended head of the detective bureau, entered into a treaty by which the police official gained reinstatement at the price of a resignation. The resignation is to take effect at 6 o'clock tonight.

O'Brien was suspended because of alleged activity in raising a defense fund for detectives recently convicted of sharing in the graft arising from the so-called "clairvoyant trust."

O'Brien announced that he was willing to quit the department but refused to do so while "under a cloud."

It seemed probable that Nicholas Hunt, a former police inspector would be named as O'Brien's successor.

GOV. WILLIS WILL NOT CONTEST THE CLEN DENING CASE

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 21.—An attempt will be made to contest the ruling of the supreme court which recently reinstated Byron M. Clendenning as Democratic member of the state liquor licensing board. It became known today at the governor's office. Reports that Governor Willis was considering backing his appointment, J. Edward Hurst, of New Philadelphia, for the position in defiance of the court's order, were denied. Previously the governor had preferred charges against Mr. Clendenning and removed him.

ASQUITH CASE IS RESUMED IN CHANCERY COURT

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 21.—The case of Mrs. Herbert H. Asquith, wife of the premier against the Globe, was resumed in chancery court today, having been continued from last Friday. The court granted Mrs. Asquith the injunction for which she asked to restrain the Globe in the publication of articles which she alleged are libelous. At the hearing last week counsel for Mrs. Asquith said she had been accused by the Globe of disloyalty and of association with German prisoners and had been described as a traitor and a disgrace to her husband.

HOLOPHANE CO. TAKES OVER A LOCAL CONCERN

The Holophane Glass Company, which several years ago sold to the General Electric Company the rights to manufacture shades and reflectors from the designs patented by the Holophane company, will upon January 1, again take charge of the Newark plant, which has for years been operated in connection with the Heisey Glass plant.

The plant here, since its acquisition by the General Electric company has been known as the Newark Reflector Works. Today it was announced that "after January 1, the Holophane Glass Company would take over the business here and at the present time it is not known that the change will materially affect the Newark plant."

According to a statement made at the office, it amounts to a change of name. The General Electric company returning to the Holophane company the right to manufacture the product which it took over several years ago. Whether the offices of the company will be again brought to Newark could not be learned though a rumor is to the effect that the company pay roll will be greatly trimmed and that the Holophane company will be again associated with the Heisey company in the manufacture of the reflectors and shades.

ASSOCIATED CHARITIES

CHRISTMAS BULLETIN NO. 2

Opportunity No. 1. She was old, very old. Her breath was nearly gone, her hands shook as she reached for a chair, groping in the uncertain light of her fading sight. She had climbed the long stairs to our office and as she sank into a chair she seemed about to collapse. She had been here before, and on one of her visits she was so bad that we had to help her home. "Her name?" we do not publish names, but we tell you the story of this poor widow in the hope that it will move you to invest in her welfare as a "Christmas Opportunity." She has a small blind pension, but not enough to keep her. She is all alone in the world—no children come to cheer her, no relatives, few friends, and these are her sisters in misfortune. Widows! Some are older than she, and more helpless. Won't you invest in their Christmas all the year round.

Opportunity No. 2. She was a widow, also. She was doing a heavy washing in her little kitchen. It was steamy and close, and a sick child was pulling at her skirts. There were five altogether, and all young. She washed every day except Sunday and on that day did her own work. She was always tired. The children were cross, and hungry. Cross because underfed, too thinly clothed to play out in the cold. Her husband? He grew tired, discouraged, and deserted her. No, he is not dead. He came back and made up and "boarded" with his family awhile—to rest. But he brought no money, contributed nothing to their support while there—scarcely earned his booze and tobacco. Then he deserted again. Some time we hope to have a workshop where such men can be encouraged to work until they are willing to support their families. What do you think about it?

We have thirty-five widows and ten deserted families under our care. There are ten aged and in need of help. The others have families to support, some in part, some entirely. We need for these one dollar a week for the aged widows, two dollars a week for families up to three children, and three dollars a week for families having four or more children, to supplement the reasonable earnings of these widows.

One friend suggested that we appeal to widows who have incomes to adopt a widow as a Christmas opportunity. Are there no widows with means who would gladly do this, and make a poor widow glad fifty-two weeks in the year? We are prepared to receive such funds, and administer them each week in such provisions as the different cases require. We have received a check to open the "Widow Fund." Who will add to it? We will use the greatest care in the use of every contribution.

"Plead for the Widow." This is God's message to Israel at a time of prosperity and corruption. He warned his people "to learn to do well; seek justice, relieve the oppressed, judge the fatherless, plead for the widow." And when God promised the "Prince of Peace," He warned His people that destruction would follow disobedience. And we are told in St. James 1-27 that "Pure religion and undefiled before our God and Father is this: to visit the fatherless and widows in their affliction, and to keep oneself unspotted from the world."

Is it not peculiarly appropriate at Christmas time when we celebrate the "Birth of the King," we give heed to God's Word, and see it our manner of life and service conform to this standard? He judges us not by what we say, but we are told in St. Matthew (Chapter 25) that He judges us by our treatment of one another. Who will this Christmas "Plead for the widow" and help us relieve the "fatherless and the widows?"

RECEIVERS OF RAWLINGS FILE THEIR REPORT

In the case of Rollin Swisher vs. A. L. Rawlings, et al., Howard Jones and Charles W. Montgomery, appointed receivers by the court, Tuesday, filed their report in the court of common pleas.

The report says that the receivers have collected the total sum of \$7,168.33, and have paid out the sum of \$2,017.20, leaving a balance on hand of \$5,151.13. The report says that the Knabe Brothers Company have given bond for \$1,583.33 for certain pianos if they should be found to belong to the receivers and not the Knabe company.

The report further states that it was found that an error had been made in that lot No. 4,821 sold did not belong to A. L. Rawlings and that they consequently repaid to Charles L. Pine the consideration of \$100.

A method has been invented by a Russian artist for painting several theatrical scenes on the same canvas, the pictures changing as the light thrown on them is changed.

The roc, a fabulous bird often referred to in the "Arabian Nights," was believed to be of such enormous size and strength as to be able to carry even elephants in its talons.

An Italian scientist has figured that a square mile of the surface of the earth in six hours of sunshine receives heat equivalent to the combustion of more than 2600 tons of coal.

Toronto has a street naming committee which is raking the city map with a fine toothed comb for the purpose of destroying all German street names. Many such names have been found and ruthlessly stamped out.

Ontario produces 80 per cent of the world's nickel supply, and one-seventh of the silver.

Total \$ 42.00
With but a few days more in which to contribute in order to get the money in the hands of the Associated Charities before Christmas the Christmas tree fund is short more than \$150 when compared with last year's contributions.

Newark merchants are reporting a much heavier trade in holiday goods this season than in recent years, an indication that Newark people are more plentifully supplied with money this year than last.

Despite this fact the contributions to this worthy charity are coming in more slowly than last year or the year before.

This probably is due to the fact that most of us are so busily engaged in making Christmas purchases that our thoughts have not dwelt upon the possibility that there are those who will have little or no Christmas cheer except that provided by good hearted Newark people.

The fund, to be of benefit to the greatest number of people, should equal if not exceed last year's donations. Contributions must pour in rapidly within the next few days if this is to be accomplished.

Telephone your contribution to this office, then mail your check or the money or leave it at the Advocate or American Tribune the first time you are down street.

DO IT NOW.
Much timber in New Zealand having been found highly suitable for the manufacture of wood pulp, the government is fostering the establishment of the industry.

A careful test of two Swedish ships of identical design showed electric motors more economical for propulsion than triple expansion steam engines.

Europe and Africa are the only continents which have more women than men, and the reverse was the case in Africa until within recent years.

GUARDS

SURROUNDED PRISONER WHO WAS CONVICTED OF A FELONY AT TOLEDO, O.

Secret Service Men to Accompany Train to Ft. Leavenworth to Frustrate Attempts at Rescue.

(ASSOCIATED PRESS TELEGRAM)

Toledo, O., Dec. 21.—Harry Plummer, convicted in Federal court last week of having stolen silks in his possession, and sentenced to serve six years in the Leavenworth, Kans. penitentiary, was removed to a train this noon and started on his way to Kansas. Local detectives were detailed to guard Plummer to the station in addition to the government escort. On the train secret service men are understood to be stationed to frustrate suspected attempts to rescue Plummer by friends at Chicago and other points. Frank Castle, well known to police, was arrested last night after he had boasted to Director of Safety Gencowald that Plummer would never serve time.

"In heaven," said the good deacon, "there is no marrying or giving in marriage." "Is that on the level?" exclaimed the henpecked husband. "Geef it is I'll try to live a better life, and get there."

Henry Jenkins, who was born in Yorkshire, England, in 1501, and died in 1670, cut off at the tender age of 169, remembered well the battle of Flodden field, which took place in 1513. In his young manhood when a little over the century mark, he was famed for his remarkable swimming.

An Old, Family Cough Remedy, Home-Made
Easily Prepared—Costs Very Little, but is Prompt, Sure and Effective

By making this pint of old-time cough syrup at home you not only save about \$2, as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly—and is excellent, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

Get from any drug store 2½ ounces of Pinex (25 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex. Keeps perfectly and tastes good.

You can feel this take hold of a cough or cold in a way that means business. It quickly loosens the dry, hoarse or painful cough and heals the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough by stopping the formation of phlegm in the throat and bronchial tubes.

The effect of Pinex on the membranes is known by almost every one. Pinex is a most valuable concentrated compound of genuine Norway pine extract combined with gaulther and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and do not accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

MAY FURNISH XMAS CHEER FOR THE PRISONERS

Last year at Xmas time, through the kindness by financial help and other gifts given by our friends of the city, I was enabled to take to the men at the county jail and city prison a Christmas gift, each in a paper sack, containing apples, oranges, candy, stogies, testaments, and it is needless to state how gladly they were received, and made to feel that those who were unfortunate enough to be from home at Christmas time and to be behind the prison bars, brought to them a ray of hope and Christmas cheer; I would like to do the same thing this year for those that are unfortunate to be prisoners and shall be glad to receive oranges, candy, cookies, stogies, cash and such gifts which will be acknowledged through our press; those intending to help please send early in the week to give time to get each man's supply ready.

While our city is doing splendid work for the poor, may I solicit help for the prisoners, assuring the public that assistance now will be a help to enlist the men's interest in the services held every Sunday, with its object to encourage the weak and fallen to become changed and respect themselves, thereby benefiting the community. Thanking in advance on behalf of the men.

PINT OF STOLEN JEWELS FOUND IN APARTMENT HOUSE

[ASSOCIATED PRESS TELEGRAM]
Pittsburgh, Dec. 20.—Seven persons are under arrest here today following a raid by the police on an apartment in the East End during which \$14,500 worth of jewelry and silver plate was seized. More than a pint of diamonds, emeralds and other stones which had been removed from their settings were found in the apartment according to the police.

NIGHT WATCHMAN WAS MURDERED

[ASSOCIATED PRESS TELEGRAM]
Gallipolis, O., Dec. 21.—Joseph Marshall, night watchman at the Black Hetsy Coal mines, was murdered Sunday night and robbed of \$75, a month's pay. His body was badly mutilated, an ax being used. Wyatt Winthrop and Curtis Lett are under arrest at Winfield in connection with the case.

HIGH WATER STOPS GOVERNMENT WORK

[ASSOCIATED PRESS TELEGRAM]
Gallipolis, O., Dec. 21.—The Ohio river passed the danger line of 39 feet here yesterday and reached a stage of 41 feet. Work on three government dams has been stopped by the high water.

BEECH WOODS

Bert Love, wife and family have moved to Mississippi, where they will remain for sometime. Roy Gordon and wife have moved on his farm and will have charge during his absence.

John Saum will move his saw mill to Marion Lones' woods where he will saw out a set of logs.

Clyde Hite and Owen Hull were visitors at Somerset Saturday.

Mrs. V. A. Thomas who recently underwent an operation at the Grant Hospital at Columbus returned home Friday feeling much improved.

Mr. and Mrs. Luke Snider are the recipients of a son.

The funeral of Mrs. Wm. Anspaugh who died at her home in Thornville was held at the M. E. church at that place Saturday afternoon. Rev. Kiefer officiating. Quite a number from this place attended the obsequies.

Mrs. Anspaugh was born and reared here. She was the daughter of Mrs. Catherine Miller of Bruno.

As a result of charges having been preferred against him by his wife for non-support Charles Turner was arrested last Saturday evening and placed in the county jail at Lancaster.

HENPECK

Mrs. Eliza Jane Schoultz spent Wednesday and Thursday with her son, Mr. Charles Schoultz.

John George Piper has returned home after spending a few weeks with her daughter, Mrs. Thurman Moran of Mt. Vernon, who moved recently from this vicinity.

Mrs. James Fowles and Mrs. Donahy visited at the home of Mrs. Calvin Nichols, Tuesday.

Mr. F. M. Frost made a business trip to Newark Saturday and his daughter May returned home with him for a few days visit.

Visitors at the home of Mr. G. M. Pipes Sunday and Monday were Miss Edith Pipes of Mt. Vernon, Mr. John Gregg of Vanatta and Mr. and Mrs. George Schoultz and Mr. George Rine of this vicinity.

Mr. and Mrs. Fowles made a business trip to Fallsburg, Saturday.

A shell weighing about 70 pounds exploded into a shower of 1,200 pieces.

HOW TO GET RID OF CHRONIC DANDRUFF

The only sure way to get permanently rid of either oily or dry dandruff is to remove the conditions that cause it and then keep the hair and scalp in a permanent, clean, healthy, vigorous state so dandruff will never return. This beats shampoos or head washes which merely drive away dandruff for a few days at most. W. A. Erman and a number of other better druggists in this vicinity are now strongly recommending a harmless, inexpensive and quick acting preparation called Parisian Sage that they say is guaranteed to act directly on the cause of dandruff and which already has become known far and wide as a safe and efficient treatment which cannot possibly injure hair or scalp.

Here is a test worth trying. Get a package of Parisian Sage. Rub a little of it into the scalp with the finger tips and see for yourself how the dandruff disappears, the hair stops falling out, the itching vanishes, and a new and vigorously healthy appearance comes over the hair. Good looking hair is half the battle in any man or woman's personal appearance and nothing hurts the hair more than dandruff. Try a little Parisian Sage and begin at once to be rid of it.

FRENCH SHOPS WELL SUPPLIED WITH NEW TOYS

Paris, Dec. 21.—The present holiday season finds the French toy shops stocked, probably for the first time in four years, with toys exclusively of French manufacture. The Germans with what was practically a monopoly on toys formerly exported into France some \$4,000,000 worth of toys every year, particularly leaden soldiers and doll heads.

It is probably also true that the children of France, who form an army of some 5,000,000 were never so thoroughly equipped with war toys as they will be this year. There is no evidence from the stores that the preparations for the Christmas and New Year celebrations are any less elaborate than usual, and it is everywhere noticed that the windows and shelves are filled with aeroplanes, Zeppelins, hand grenades, forts, rifles, pistols, sabres, machine-guns, cannon, and soldiers dressed in uniforms of the British, Russian, Italian and French armies and German soldiers too, for opponents. The old-time playthings of children have entirely disappeared from the stores. The children will not have anything that isn't modeled for warfare. So warlike are the girls that the toys of the boys serve for them also, save for the dolls, and even they, instead of wearing their usual finery of silks and satins, are plainly dressed in Red Cross uniforms with whole outfits of bandages and surgical instruments at their disposal.

A surprising fidelity to truth and fact is shown in all the war toys, for if the toys were not so made they would not sell. All the children are thoroughly versed in military affairs and they must have everything faithful to detail. Even the tiny guns shoot, the searchlights shine and the barbed wire for the trenches really cuts.

The favorite outfit appears to be that of a mine and trench construction toy which, when properly put together, constitutes an entire set of French and German trenches.

ARM GRAFTED ON BRITISH OFFICER.

London, Dec. 21.—A new arm stump has just been grafted upon the body of a British officer, who lost both arms in action and came back recently with a group of exchanged prisoners from Germany. His arms were amputated so close to the shoulder as to leave no stumps.

One of the most brilliant of London's surgeons has now built out a new stump to which an artificial arm may be attached. He did this by taking out a piece of bone from the patient's leg and cutting a flap of skin from his body. Muscles were attached to the bone, so that the stump can be guided.

POLISH TOYS HAVE REPLACED GERMAN.

London, Dec. 21.—Toys made by Polish refugees have replaced German toys in the Christmas market in London this year. The designs for the toys were made by distressed Polish artists in London and Paris and executed by refugees—men, women and children—in England, France and the Scandinavian countries. Most of the toys are of wood, showing models of Polish peasants, their cottages, and their farm or household utensils.

BEST WAY TO CURE COLD IN CHEST

Doctors advise not to allow cold in chest or sore throat to hang on. Pneumonia often results. The minute your chest or throat shows signs of soreness rub on true Mustarin, which only costs about 25 cents, and which any druggist can give you in the original yellow box. It stops pain and congestion and there's blessed relief in every rub.

The Begg Medicine Co., of Rochester, N. Y., makes true Mustarin, and tens of thousands use it because it acts so quickly and is so much better than liniments or internal remedies. T. J. Evans guarantees it.

MRS. LINCOLN'S NEPHEW DEAD AT SPRINGFIELD.
[ASSOCIATED PRESS TELEGRAM]
Springfield, Ill., Dec. 21.—Albert O. Edwards, a nephew of Mrs. Abraham Lincoln and for 19 years custodian of the Lincoln Homestead here, died suddenly yesterday of heart disease. Mr. Edwards was 76 years of age and was said to have been the last survivor of the guests who attended President Lincoln's wedding.

The pigs of Morocco have learned to climb trees in search of nuts.

Hermann the Clothier is 'Keyed-Up' for Holiday Service You Expect

(Store Open Every Night to 10 O'clock—Until Christmas)

THE whole store is in holiday attire—the Christmas spirit is everywhere in evidence. It's quite logical and sensible to select your Christmas gifts at this real man's store, where good taste and attractiveness is reflected in every article—the "thank you" will be hearty for such gifts as we show.

PLANS FOR AN EXTENSION OF THE SERVICE

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 21.—Department of agriculture plans to extend the weather observation service throughout the Caribbean region for investigation into the utilization of domestic products in drys manufacture and their uses in trade, twine purposes, are outlined in data just submitted to congress by Secretary Houston.

The information was given in connection with estimates for appropriations in the next fiscal year for the agricultural service amounting to \$16,000,000 being \$2,000,000 less than the current year appropriation. An appropriation of \$20,000 is asked for extending the Caribbean weather observations with a view to a system of communication of considerable value in connection with the military and naval operations in the canal zone. Instead of observations once a day during a seven months' period at an inadequate number of stations, a continuous all-year service would be established at additional stations in south and central America, and along the southern gulf coast. The object would be to warn off the approach of tropical storms destructive to life and property.

A \$25,000 structure on the Canal zone to serve as the official headquarters for the weather service in that section also is planned.

An appropriation of \$1,000 is asked for fibre plant investigation the importance of which the secretary says, is emphasized by the temporary embargo on sisal from Yucatan which threatened a binder twine famine during the last year.

Because of the scarcity of dyes, stuffs from Germany an appropriation of \$20,000 is asked for investigation and experiments in the utilization for coloring of raw materials grown or produced in the United States.

"Manufacturers in this country," says the secretary, "have been un-

able to produce economically the coloring substances required in these industries and very little investigation has been directed to this end.

The plan is to work out practical methods for utilizing domestic products in dyes manufactures and to secure further data concerning the coloring substances both natural and artificial, which are found in food products. It is believed that this country can economically produce all necessary coloring substances if proper methods are developed.

Congress also is asked for \$175,000 for the collection and distribution of data on the supply, consumption, movement, disposition and market prices of fruits and vegetables. The work would be extended to include other fruits than the strawberry, cantaloupe, tomato and peach crops, data on which were being supplied.

For Rheumatism.

As soon as an attack of Rheumatism begins apply Sloan's Liniment. Don't waste time and suffer unnecessary agony. A few drops of Sloan's Liniment on the affected parts is all you need. The pain goes at once.

A grateful sufferer writes:—"I was suffering for three weeks with Chronic Rheumatism and Stiff Neck, although I tried many medicines, they failed, and I was under the care of a doctor. Fortunately I heard of Sloan's Liniment and after using it three or four days am up and well. I am employed at the biggest department store in S. F. where they employ from six to eight hundred hands, and they surely will hear all about Sloan's Liniment."—H. R. Smith, San Francisco, Cal.—Jan., 1915. At all Druggists.

ELKS MINSTREL REHEARSAL.
Prof. E. Stutz, of Columbus, who has charge of the Elks' Minstrels to be held in this city in the near future, arrived here to conduct rehearsal at the Elks Home, states the Upper Sandusky Union-Republican. Mr. Stutz has gained a splendid record in his work along this line and it is largely due to his labors that these minstrels have become so popular.

Many few people have such a keen sense of humor as to enjoy laughing at trouble.

PARDELLA WILL TRY TO REDUCE FOR XMAS BOUT

Young Pardella, the heavyweight grappler who hails from Warren, Pa., began training Monday for his wrestling bout Christmas at the Music Hall with Paul Bowser, the local lightweight. Pardella met Bowser last week in a handicap match and was declared the loser owing to his inability to throw the local man twice in one hour and a half.

Article for a return bout to a finish, best two out of three falls, was signed in the Editorial rooms of the Advocate last Friday. Both men have settled down to reducing weight and a good battle is predicted. Bowser has extended the courtesy of the Music Hall to Pardella's use in training. Pardella will do considerable road work until the last part of the week in an effort to make 175 pounds at 3 o'clock on the afternoon of the bout.

Bowser has decided to stage the bout Saturday afternoon, having been urged to do so by many patrons of Thursday night's entertainment.

NEEDS A "PULL" TO GET ROAD.

Columbus, O., Dec. 21.—Rumbles of discontent and charges of political interference with work of the "decentralized" state highway department are becoming prevalent. The rumbling is from all quarters of the state, but it is now especially marked in connection with a proposed improvement of the main road leading north from Columbus, running between Columbus and Worthington on line of the Columbus-Marion road, and a part of the Lakes to River trail leading directly north and south across the state.

More than a year ago plans had been made to pave and widen the road from Columbus to Worthington, a distance of about ten miles. Consent of more than ninety per cent of the property owners interested had been secured. Specifications had been made and the project was ready to finance and build. The money of the state was in the treasury. Then came the new administration and the stoppage of all highway work

for the time. Then came the "decentralized" department politically made and politically dominated. The road has not been built. Those interested have been able to get no satisfaction from the department. Appeal was made to Governor Willis who told the complainants that he thought the improvement ought to begin at Delaware and work toward Columbus. But investigation has brought to light something else which may have bearing.

The Columbus, Delaware and Marion traction line runs along the road. In the Columbus to Worthington improvement it was planned to widen the roadway proper and compel the traction company to change its track from one side of the road, as at present, to the center. This change would be at the traction company's expense. The traction company is controlled by Eli M. West, a Republican politician much in favor with Willis. At the Delaware end of the road the traction line would not interfere with the improvement.

The way to get a road or block a road under the present regime is to first enlist the aid of influential Republican politicians. And unless you pick the right ones you lose. That is why the present regime has built excusers where its predecessor built roads.

Liven Up Your Torpid Liver.
To keep your liver active use Dr. King's New Life Pills. They insure good digestion, relieve constipation, and tone up the whole system—keep your eye clear and your skin fresh and healthy looking. Only 25c. at your Druggist.

WILL ENDEAVOR TO STAMP OUT THE NOSE FLY

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 21.—The European nose fly which attacks horses and cattle alike has been found to seriously interfere with farm operations in the west, and the department of agriculture is planning to stamp out the pest if possible. It is feared that the best will spread to other sections of the country.

A new wood suitable for lead pencils has been found in East Africa at a time when the supply of American cedar, largely used for that purpose, is approaching exhaustion.

BOWLING

The Purples won two out of three games from the Reds last night in the Pastime Two-Man league games on the Pastime Alleys. Sprague had high score and Graesser high average.

ADVOCATE CLASS ADS WILL BRING RESULTS

HEAL YOUR SKIN WITH RESINOL

It Stops Itching Instantly, and Clears Away Unpleasant Eruptions.

If your skin itches and burns with eczema or any such tormenting, unsightly skin disease, simply wash the worst places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment. The itching stops INSTANTLY, you no longer have to dig and scratch, sleep becomes possible, and healing begins at once. That is because the soothing, antiseptic Resinol medication strikes right into the surface, arrests the action of the disease, and almost always restores the tortured, inflamed skin to perfect health—quickly, easily and at little cost.

Prescribed by doctors for twenty years, and sold by every druggist.

A GOOD WAY TO SHAMPOO

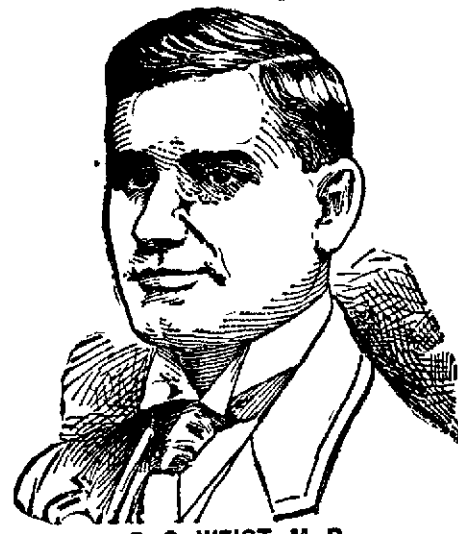

Shampoo with Resinol Soap, rubbing its lather thoroughly into the scalp, so as to work in the soothing, healing Resinol medication. This almost always stops dandruff and scalp itching, and keeps the hair live, thick and lustrous.

INDUSTRIAL RESOURCES OF THE COUNTRY

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 21.—Information needed by a national preparedness commission, which President Wilson is said to be considering appointing already has been obtained by the federal trade commission within the nine months of its existence, Chairman Joseph E. Davies of the commission today told the American Manufacturers' Export Association meeting here.

"If it becomes necessary to mobilize the country's industrial resources for war," Mr. Davies said, the trade commission could produce a record not only of the industries available, but their respective capacities, actual and potential and the degree of their integration, physical and financial. The commission he said, had come into personal contact with virtually two-thirds of the industries of the country, measured in value of investment.

After going into this first survey of industries by a government agency, whose prime object was to determine the needs of American business, Mr. Davies said the commission now had knowledge which would afford a basis for recommendation of legislative action by congress.

The information gathered, he said, would be ready to put before congress within a few weeks.

The commission, he said, has paid particular attention to competitive conditions that exist in foreign countries and which affect adversely American industries.

Legislative recommendations would include methods by which dumping by foreign manufacturers at the close of the war might be prevented.

"The principal function for which the commission was created," said Mr. Davies, "undoubtedly was to prevent practices of unfair competition in industry. The object was to destroy monopoly in the seed, and to protect the great majority of business units in industry whose chief menace comes from practices of unfair competition which might be employed by not a more efficient, but by a more powerful rival."

"Democracy and monopoly are incompatible, because monopoly consists of the denial of the principle of liberty in a sphere of action that touches most intimately and vitally the life of the people. But this does not mean that we should set our face against the advance of progress in industry. The economies of large scale production to the extent that they now exist, the advantages of integration of industry; the sustaining forces of stabilization in industry; the prevention of feast and famine, the prevention of cut-throat competition, can all be encompassed in a democratic state without yielding to monopoly in principle, or in effect."

Miss Cherry, before coming to Canada, was a resident of Newark, Ohio. She has attained some reputation as an artist, and was prominent in many circles in the middle states. She was secretary of the Jury of Awards of the St. Louis Exposition, and has occupied other prominent positions.

Miss Cherry, while this year having made so much money in wheat, does not believe in putting everything into wheat, and she is gradually gathering together a very splendid selection of live stock on her farm, which she manages herself. She is a poultry fancier, and has a splendid collection of thoroughbred birds, and is also bringing in some very fine horses and cattle from the eastern states. Farming has not been her line previously, but she is of a determined sort and she does not see why a woman who is able to undertake the work should not make as big a success of farming in this land of opportunity as any man.

Miss Cherry took up the land here last spring against the advice of her bankers in the States, and against the advice of nearly all the friends she had. One friend, however, she had who advised her to buy the land, and she is blessing that friend today.

Under a conspicuous first page double column heading, "American Woman runs farm at big profit near Lethbridge," the Daily Herald of Lethbridge, Alberta, publishes the following regarding Miss Daisy Cherry's success in operating a farm in Canada:

A profit of \$7000 net on 200 acres of wheat, sown on a half section she purchased only this spring, is the record made by Miss D. E. Cherry, a talented American woman, who took up the land near New Dayton this spring, and passed through the city yesterday on her way to Calgary.

Miss Cherry purchased the land in March, put in 200 acres of wheat, and this fall threshed an average of over 55 bushels to the acre, taking 1,000 bushels from the 200 acres.

A profit of \$7000 net on 200 acres of wheat, sown on a half section she purchased only this spring, is the record made by Miss D. E. Cherry, a talented American woman, who took up the land near New Dayton this spring, and passed through the city yesterday on her way to Calgary.

Miss Cherry purchased the land in March, put in 200 acres of wheat, and this fall threshed an average of over 55 bushels to the acre, taking 1,000 bushels from the 200 acres.

Miss Cherry took up the land here last spring against the advice of her bankers in the States, and against the advice of nearly all the friends she had. One friend, however, she had who advised her to buy the land, and she is blessing that friend today.

Under a conspicuous first page double column heading, "American Woman runs farm at big profit near Lethbridge," the Daily Herald of Lethbridge, Alberta, publishes the following regarding Miss Daisy Cherry's success in operating a farm in Canada:

WILL ADD NEW CURTAINS FOR THE MEMORIAL.

Granville, Ohio, December 21.—In the announcement of the gift of a set of Cretan furniture for use in the library of King hall, it was stated the set was the gift of Mrs. Helen Marsh McClintock. King hall is fitted up as a memorial to Mrs. McClintock's mother, Mrs. Lida Sheppardson Marsh and the gift of furniture was from the latter's husband, Mr. Charles Allen Marsh, her son, A. Fletcher Marsh and Mrs. Helen Marsh McClintock. Mrs. McClintock in asking a correction of the error states that after Christmas the donors will also add new curtains to the room.

COMMITTEE IS PREPARING BILL TO PREVENT USURY.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 21.—The banking and currency committee of congress are preparing to work out soon a bill to prevent usury.

Several bills have been introduced, one by Senator Gore of Oklahoma, which proposes that every national banking association shall keep a schedule under regulations of the treasury, showing the rate of interest charged on any loan, discount, note or other evidences of debt, and that all excessive interest charges be reported to the attorney general by the comptroller of the currency.

PROPOSALS FOR NEW TAXATION BY SOCIALIST

(ASSOCIATED PRESS TELEGRAM)
Berlin, Dec. 20, via London, Dec. 21.—The socialist resolution proposing a new levy of the extraordinary defense tax imposed in 1915, was advocated in the Reichstag today by Dr. Eduard David, the socialist leader, who suggested that this be called "the honor war tax." Dr. David's remarks were made during the consideration of the government's bill requiring corporations to accumulate reserves available for taxation from war time profits, which was reported out of committee with resolutions for additional legislation against undue war profits.

The discussion was opened by Dr. Karl Helfferich, secretary of the Imperial treasury, who announced that the next budget could not be balanced without additional income and that proposals for new taxation were being drafted for submission to the Reichstag. Mr. David criticized the financial policy hitherto followed during the war of financing war expenditures through loans and demanded new taxation. He suggested taking over armament industries and mines as government monopolies for the purpose of additional revenue.

Dr. Helfferich, replying to Dr. David, denied that the government had adopted the loan method of financing the war as a definite principle. He said that German financial experts were convinced from the beginning that the so-called British system of financing the war by immediate taxation could not succeed, but that this did not mean that the taxation screw should not be tightened during the war. Dr. Helfferich said that the government had only wished to spare the people increased taxation so long as there was no compelling necessity for it, and was determined to refrain from higher taxes so long as the ordinary budget could be balanced without them. Hitherto the government had been successful in this, owing to the fact that the war expenditures had been carried in the extraordinary budget. The budget of the first year, he stated, had shown a surplus of 220,000,000 marks and the present budget year would close either without a deficit or with a very modest deficit.

"The drafting of the budget of 1916-17 will, however, be extraordinarily difficult," said Dr. Helfferich. "This budget cannot be balanced without new revenues. You may therefore reckon for 1916-17 not only a war profit tax in the final form but other tax proposals now being worked out will be submitted to you."

Stomach Troubles Quickly Cured.
People go on suffering from little stomach troubles for years, and imagine the have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work.

If these people would take Tonaline Tablets regularly they would be a great big help to the stomach in its strain of over-work. No matter what you eat or drink Tonaline tabs sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears, and the stomach is greatly aided in its work of digestion.

Tonaline Tablets not only promptly relieve all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal. \$1 for a 15 days' treatment. For Sale by Hall's Drug Store.

WIFE OF THE MAYOR-ELECT LANDS IN JAIL

(ASSOCIATED PRESS TELEGRAM)
Toledo, O., Dec. 21.—Mrs. Marie Aurand, 26, wife of Dr. H. C. Aurand, mayor-elect of Bellevue, and Fred Merchant, also known as Ted Smith, 27, of Newcastle, Pa., were being held by police here yesterday. Maudie and Mrs. Aurand were arrested in a rooming house Saturday night. Dr. Aurand talked with his wife in her cell yesterday. Afterwards he placed the matter in the hands of the police, saying they might do with her as they pleased. When arrested, Mrs. Aurand had \$250. Her husband said she had taken \$1,000 from him. E. F. Baker, local white slave officer, has taken charge of the case, it being understood that Marchant has taken Mrs. Aurand on trips to other states.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few minutes. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

In Great Britain the skins of Damascus plums, of which the yield this season has been unusually large, are to be used as a blue dye, especially by carpet makers, as the ordinary supply from Germany has been cut off.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism, a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

RECOVERED HIS NEW "BENNY" AND WAS SATISFIED

Christmas shoppers in the downtown section Monday evening were surprised to see two of Newark's prominent business men rushing aimlessly around the Public square, eagerly scanning the faces and wearing apparel of every man they met. If the men had been searching for a second to Councilman Knauber's resolution, which died in council Monday night, they could not have been more diligent.

William W. Rugg, the well known bill poster, and Emmett McDaniell, proprietor of McDaniell's restaurant, were the men. Mr. Rugg after finishing his supper at McDaniell's discovered that his new overcoat was missing. He immediately took Mr. McDaniell into his confidence who in company with Mr. Rugg, began a search of the square for the man wearing the coat.

Mr. Rugg, however, was not without the use of an overcoat as the taker of the coat left his own in the restaurant. After a fruitless search of nearly an hour, the hunt was abandoned. A little later W. G. Russel, the photographer, telephoned Mr. McDaniell that upon arriving home that evening he discovered that he had exchanged coats with someone. Messrs Rugg and Russel a little later made the exchange and both express themselves as being thankful that their coats had not fallen into the hands of strangers.

NO BIDDERS FOR WHEELING ROAD

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., Dec. 21.—For the third time, Edwin Drake, special master named by the United States district court here yesterday, offered the Wheeling and Lake Erie railroad for sale without obtaining any bidders.

OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

KILBANE'S MANAGER FINED \$50 AND THE COSTS FOR ASSAULT.

(ASSOCIATED PRESS TELEGRAM)
Elyria, O., Dec. 21.—Jimmy Dunn, manager for Johnny Kilbane, champion featherweight pugilist, yesterday, pleaded guilty in common pleas court, here, to an indictment charging him with assault and battery on Jack Garvey. He was fined \$50 and costs which he paid. Kilbane pleaded not guilty to a similar indictment and his case was continued until the next term of court. The affray occurred here several weeks ago, when Garvey met Dunn and Kilbane on the street and an argument as to the merits of a certain pugilist were discussed. Garvey is a manager for several pugilists.

WILL OPPOSE NEW TRAFFIC OF RAILROADS

(ASSOCIATED PRESS TELEGRAM)
Charleston, W. Va., Dec. 21.—The conference of counsel for the West Virginia public service commission and other organizations which was to have been held in Washington today to draft a scheme for opposing the adoption of new tariffs filed by railroad companies, with the interstate commerce commission, increasing rates for hauling coal to northern and western points has been postponed until Thursday according to an announcement here.

ARRIVAL OF A RUSSIAN EXPEDITION

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 21.—Arrival of a Russian expedition off the Bulgarian coast is reported by the Athens correspondent of the Exchange Telegraph company. He says:
"A Russian cruiser and two destroyers, which are conveying sixteen transports filled with troops, have arrived off the Bulgarian coast, and are bombarding Varna vigorously."

Theatres

Alhambra.
The plot of "Damaged Goods," the remarkable film play, tells a story that unhappily is repeated in the secret history of many a young man of the day. Despite its dark passages it is clearly portrayed on the screen and interest is maintained evenly through the several acts. The picture is to be shown at the Alhambra theatre Wednesday, continuing two days. The story of the play centers about the role of Geo. Dupont, which is taken by Richard Bennett, the famous actor who produced the play on the speaking stage with sensational success. Geo. Dupont, a young man of excellent home training and of honest ambitions, has a jolly evening with the boys. He is engaged to be married and this is a final fling and a farewell to the days of bachelorhood. He drinks too much and with a

RICHARD BENNETT IN "DAMAGED GOODS" A MUTUAL SPECIAL FEATURE IN SEVEN PARTS MADE BY AMERICAN.
At Alhambra Wednesday and Thursday.

boon companion he visits the woman of the kind whom G. B. Shaw tried to champion on the stage, in Mrs. Warren's profession. It is not long before he discovers that the "indiscretio" has brought a horrible punishment upon him. Driven to despair by the thought that his very flesh is corrupted and his very blood is tainted he seeks a cure. His situation is rendered all the more pitiable by the fact that he is engaged to be married to a decent young woman. He buries his secret from all, but he cannot hide it from himself. He is on the point of committing suicide when he is rescued by a girl. The girl tells of her own salvation from bodily ruin through the ministrations of a highly skilled physician. He visits the doctor and is warned not to marry for two years. He follows the advice for a while until he sees the "ad" of a quack who promises to cure him in three months' time. Despite his better knowledge and the promptings of his conscience he marries. The rest can indeed be told much better in pictures than in words. See this picture at the Alhambra, Wednesday, Dec. 22 where it will be shown two days. Continuous, 1:00 to 11:30. Shows starting 1:00 to 2:45; 4:30 to 6:45 8:00 and 9:45.

Mazda Theatre.
"The Final Judgment" starting Ethel Barrymore, the brilliant dramatic actress which will be shown at the Mazda theatre tonight and tomorrow, is a powerful 5-part photo drama by Geo. Scarborough, author of the Lure and other successful plays, and is a rare combination of stars. Throughout the picture's 5 acts it carries a gripping and engrossing

story of the love of three men for the same woman in which the versatile dramatist has treated the theme with usual cleverness. It is easily the best and most vigorous work of Mr. Scarborough and Miss Barrymore has unlimited opportunities to give free rein to her wonderful gifts and consummate art. The star is supported by a cast of exceptional ability.

In the city of Seville, Spain, the night police are armed with long spears, such as the knights of old used.

25 Years Ago

(From Advocate, Dec. 21, 1890.)
The handsome new residence of Mr. Harry Hibbard on East Main street, is rapidly nearing completion, and will add greatly to the attractions of that part of the city.

An evening of rare social enjoyment was spent at the handsome residence of Mr. Henry Smith, on East Main street last evening by the several members of the E. N. D. and Enter Nons societies. Those fortunate in securing honors in the game were Mr. Ed. Williams and Misses Florence Franklin and Kate Winegarner.

The Cross and Crown Sir Kt. Don D. Tullis

CHRISTMAS OBSERVANCE KNIGHTS TEMPLAR.

The annual Christmas observance of St. Luke's Commandery, No. 34, Knights Templar, will be held on Saturday, December 25, at 11 a. m. Following is the program:

Commandery called to order by the Eminent Commander.

Prayer.

To Our Most Eminent Grand Master—By Eminent Commander.

Grand Master's Reply—Em. Sir Frank L. Beggs.

"The Cross and Crown"—Sir Knight Don D. Tullis.

FAMOUS CLOWN DIES SUDDENLY.

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 21.—Charlie Christdie, who was famous as a clown and pantomimist half a century ago, died in a physician's office here early today, having been taken ill while walking in the street. He was 74 years old, and was born in Birmingham, England. He came to the United States in 1859 and for more than forty years was an actor, generally playing the part of clown.

YANKEES MAG GET "HOME RUN" BAKER.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 21.—"Home Run" Baker, whose contract is held by Philadelphia, probably will be sold to the New York Yankees. Charles A. Comiskey, president of the Chicago Americans, said today. Comiskey has given up all negotiations for Baker, he said.

STAMPS OF NEW DESIGN.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 21.—The post-office department today notified postmasters it is about to issue stamped envelopes bearing an embossed two-cent postage stamp of new design. The stamp is printed in red ink and is in the form of a circle. In the center is embossed the head of Washington in profile.

CONDITION IMPROVED.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 21.—After a slight relapse the condition of Joseph B. Tinker, manager of the Chicago Federal League club, was reported as improved at the hospital today. Tinker underwent an operation a week ago. Physicians say he will be able to leave the hospital within another week.

How to Cure Colds

Avoid exposure and drafts. Eat right. Take Dr. King's New Discovery. It is prepared from Pine Tar healing balsams and mild laxatives. Dr. King's New Discovery kills and expels the cold germs, soothes the irritated throat and allays inflammation. It heals the mucous membrane. Search as you will, you cannot find a better cough and cold remedy. Its use over 45 years is a guarantee of satisfaction.

Scientists discover the cause of bleeding gums and loose teeth

The old idea that bleeding gums and loose teeth (symptoms of pyorrhea) are due to little pieces of tartar or bone under the gums, has been exploded. Scientists have made the astounding discovery that this disease is caused by a germ which is found in every human mouth.

This germ is the most active and destructive enemy of your teeth. Are you protecting them against it? You can ward off its constant attack and escape the dread results of the disease by using the proper corrective and preventive treatment in your daily toilet.

To meet the need for this treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form

of Senreco Tooth Paste. Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 506 Union Central Bldg., Cincinnati, Ohio.

How Do You Bill Success?

That's what we strive to make of every job of Dental work we undertake.

Our Dental Work

is the best Christmas present you can make yourself, for good teeth are essential to good health and good health is necessary to happiness. We extend Christmas Greetings and invite you to call and let us give you an estimate.

WIRELESS TELEPHONY PERFECTED

Newarkites may have the opportunity within a short time of witnessing a demonstration of the wireless telephone the latest "phenomenon" in the electrical world. The following from the Bell-Telephone News relates the first public demonstration given before the Lotos club several nights ago.

Honoring their fellow-member, John J. Carby, chief engineer of the American Telephone and Telegraph Company, 300 members of the Lotos Club of New York listened to voices in the air and stood while "The Star-Spangled Banner" was played to them at Arlington, Va., and transmitted by wireless telephone to their places at the tables.

The exchanged greetings over 3,400 miles with the Bohemian Club of San Francisco over the long-distance telephone, and heard Mr. Carby talk to his wire chiefs across a continent. Every one of the 300 had the use of a receiver, and by wire less and also by the regular telephone service made the world a whispering gallery.

This was the first large scale function at which wireless telephony was a factor. Josephus Daniels, secretary of the navy, who was present, was able to converse easily with Rear Admiral Victor Blue of the Public Health Service in Washington, while all the company engaged in unbroken conversation.

The voice of the rear admiral was carried from his home in Washington to the radio station at Arlington, a distance of six miles, over the long-distance telephone wire from which it was automatically transferred to the wireless and conveyed to the laboratory of the Western Electric Company at 463 West street in New York. It was then shifted automatically, after it had traversed 225 miles of air, to the telephone wires, and made its way to the Lotos Club in West Fifty-Seventh street, a distance of less than three miles. The secretary of the navy, recognizing the voice of the rear admiral, expressed sorrow over the outcome of the Army and Navy football game.

Mr. Daniels said that these were days in which prophecies were realized, when he rose to speak of the wonders which had been accomplished by Mr. Carby and his associates in perfecting communication by wire and air, for he declared that wireless telephony would soon extend around the world.

"As a thought," he said, "that wireless telephony was the last of modern miracles that had to do with communication. Recently the world was amazed when from Washington without wires, the human voice was heard in San Francisco. When fully perfected we may talk to our friends from Greenland's icy mountains to India's coral strands."

Mr. Vail said: "I cannot refrain from saying a few words in appreciation of this most wonderful and considerate tribute to the foremost genius in electrical personal intercommunication—Our Carby. We, that is, all of us associated in that organization called the Bell System, associates who act and think and work together, are very proud of our Carby and are honored by anything that honors him."

"When our Carby was born electrical science was in its swaddling clothes, still being nursed in the laboratories of scientific institutions. "There were a few, who were looked upon as dreamers, outside these laboratories trying to teach the art how to talk and work—were trying to develop its industrial activity. Such men as Bell, Edison, Brush, Thompson and many others now notable names, were not then names to conjure with as they afterward became."

How It Works. The actual secret or secrets of the wireless telephone have not yet been made public. They have been imparted to the government, which is thereby in immediate possession of this important method of quick communication if it should be needed for the public defense. It is deemed fair to withhold the scientific details of the invention until the experimental stage is past. What has been accomplished is, however, described in the Telephone Review, which says:

"The voice spoken into an ordinary telephone transmitter sets up vibrations in the electric current flowing over the line, which 'vary in intensity precisely as the air varies in density during the production of a sound, and these vibrations traveling through the Bell wireless tele-

phone apparatus at the sending station, set up the same vibrations in the tremendous electric currents sent out from the antenna of the radio tower, and these vibrations traveling upon the ether which envelops the earth, are transformed at the Bell wireless receiving stations into the identical sounds which created them."

PARADE PERMIT NECESSARY TO MOVE FOREIGN SHIPMENT

Export Order of 31 Truckloads Escort Through the City Streets of Chicago by Squad of Mounted Police.

Previous Shipment Submarine.

Chicago's Christmas shoppers witnessed a very unusual sight today when the Channell Chemical company hauled a shipment of O-Cedar Oil Mops through the business section of the city, and which was consigned to a foreign port.

This shipment weighing 175 tons and valued at \$52,000, formed such a long procession that it was necessary to first obtain a parade permit before the merchandise could be taken to the freight station.

Headed by Police. A squad of mounted police headed this unique parade, which was five blocks in length, and for some time all down town traffic was completely blocked. The shipment was an outright sale and saved the load capacity of 24 immense trucks, each of which was decorated with American flags and carried hunting signs reading, "One order to one country."

This is by far the largest single order of oil mops for floors ever shipped by any concern, at one time, and is the result of an aggressive campaign on the part of the Channell Chemical company for foreign business. Since the world war began this company has sold more than 750,000 mops in Europe alone.

Former Shipment Submarine. A previous export shipment, fully insured at its value of \$42,000, and carried by the steamship Inkum, went to the bottom when this boat was torpedoed recently by a submarine.

Many a man doesn't think he is holding his own unless he is holding somebody else's.

Even when Fortune knocks at the door, Love sometimes flies out at the window.

DANGER!

Use Nothing for Corns But GETS-IT.

GETS-IT—That's It.

Note how the name is spelled, G-E-T-S-I-T, and say no to any thing offered you with a name going up to sound like "GETS-IT." There is only one "GETS-IT." Get it and nothing else.

All good druggists know the wonderful results of "GETS-IT," the world's greatest corn-cure. They wouldn't try to sell you something else. Every drug store in the land sells "GETS-IT," the

"Sore Corn Dropped Against Eye 'Gets-It' Corns Vanish!"

first and only corn-cure ever known that removes any and every corn or callus without pain, without thick bandages, toe harnesses, corn-swalling salves, irritating ointments. Applied in a few seconds, the corn loosens, your corn agony ends and quickly the corn leaves. The limping, the pains that dart to your heart, the crucifixion of having to wear shoes over screaming corns, the danger of blood poisoning from making them bleed by using knives, razors and scissors—are gone at last! "GETS-IT" is the new, the sure, simple, painless way. Don't let anybody argue you out of it—get "GETS-IT." Avoid useless substitutes. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Newark and recommended as the world's best corn remedy by T. J. Evans.

FAT MAN'S CLUB FOR NEWARK IS SUGGESTED

PROSPECTS FINE FOR BIG MEMBERSHIP—MANY AVAILABLE CANDIDATES.

The Use of Tanlac Forms Basis For Organization of Club.

"A fat man's club" has been suggested for Newark and the prospects are fine for a big membership as there are many available candidates. This extraordinary increase in weight of so many Newark men in the past few weeks is the result of taking the Master Medicine, Tanlac, and for this reason one of the clerks at Hall's Drug Store, jokingly suggested that "a fat man's club" be organized. Hundreds of people in this section of Ohio declare their weight has increased wonderfully by the use of Tanlac to say nothing of the great relief derived from Tanlac in cases of Catarrh, Rheumatism, Stomach, Liver and Kidney troubles, sleeplessness, out-of-sorts conditions and the after effects of La Grippe and Pneumonia.

Tanlac the Master Medicine is being demonstrated at Hall's Drug Store by the Tanlac man, and also is for sale at Granville by W. P. Ulman, at Ulica by P. H. Richardson, and at Hebron by the Hebron Drug Co. 1221-31-1-4-7

To Put An End to All Superfluous Hair

Specialist's Advice To Ladies

A simple, inexpensive treatment has just been found which never fails to remove all traces of superfluous hair absolutely without pain or injury. To Reformatory.
David Sorrel, the last of the trio of men implicated in the shooting of Officer Walter Boscowan, will be taken to Mansfield Reformatory to begin his sentence, Wednesday by Deputy Sheriff F. O. Brown.

Divorce Hearing.
The divorce proceeding commenced by Elizabeth Gross vs. Arthur Gross was on for hearing in the court of common pleas on Tuesday afternoon.

Appraisal.
In the matter of the Newark Trust company against Mary E. Kelly, who foreclosed a mortgage for the sum of \$879.63, Sheriff Charles Swank late Tuesday afternoon appraised the property of Mary Kelly, 182 Pine street for \$1,100. The property will be offered at public sale January 22, 1916.

Bridge Opened.
The county commissioners Tuesday afternoon announced the opening of the Clay Lick covered bridge, on the Clay Lick Ridge road. The bridge, which is a wooden structure, 258 feet in length, has been closed for repairs for the past month.

Treves, which the French airman have been visiting, is probably the oldest city in Germany, and contains more Roman antiquities than any other city in Northern Europe, but its most famous possession is the "only coat" preserved in the cathedral. According to tradition, this is the identical "seamless robe" worn by Jesus Christ and gambled for by the Roman soldiers at the foot of the cross.

"Virtue is its own reward," quoted the Wise Guy. "Yes, but the average man prepares a steady job," added the Simple Mug.

THE DEPENDABLE STORE

Society

Miss Sylvia Devore entertained Friday evening the members of the W. S. W. club at her home in Flory avenue. The time was pleasantly spent in needle work, music and games. The lucky contestant was Lenna Hart. At a late hour dainty refreshments were served. The next meeting will be a watch party at the home of Thelma Tomlinson.

In Milady's Boudoir

By Gwen Sears

Blonde hair, unless champoned very carefully, will darken with age. Egg shampoo is not good for light hair, for it contains sulphur, which will darken it rapidly. Oils also have a darkening effect on light hair, and should not be used unless absolutely necessary.

An excellent soap jelly for blonde hair is made by jelling a cake of castle soap into a sauceman and dissolving it in a pint of boiling water. Keep the mixture warm until the soap has dissolved, then pour the liquid into a wide mouthed jar. When shampooing the hair use one-half a teaspoon of bicarbonate of soda to each teaspoon of the soap jelly. If you find that the bicarbonate of soda has too drying an effect on the hair, discontinue its use, for it is apt to make blonde hair lifeless and brittle. Do not dry blonde hair by artificial heat, as it will lose its sheen and texture. Rub the scalp briskly, but gently, with a towel to stimulate circulation, and then sit in the sunlight, separating the hair so that each portion receives its share of the sunbath. This manner requires a much longer time, but the softness and sheen of the hair will reward you for your patience.

Brunettes should use shampoos containing oils, sub-carbonate of soda or yolks of eggs. They are excellent for dark hair, stimulating growth and improving the luster. A wonderful shampoo for dark hair is made from the yolks of two raw eggs slightly beaten, one half a pint of claret and one gill of soft water. Rub this into the scalp and hair thoroughly and allow it to remain on for twenty minutes. Now wash the hair in the usual manner.

Never forget to brush the hair well after a shampoo, for this will impart

a sheen not to be had in any other way. Sun and air the scalp every chance you get, particularly if you are a blonde.

Your Boys and Girls

Arrangements for the coming baby's welfare should consist of several comforts and quilts, two being of lambs wool, covered with soft silky material. The wool itself should be purchased in a large square, big enough for a full sized bed, and then be divided into four small comforts. There should be a crib mattress, a cover of rubber sheeting for this, two quilted bed pads and two rubber pads for use upon the lap, these latter to be disguised by some pretty white material edged with lace, so that the guest who holds the baby will not recognize the purpose of the pillow upon which the little one lies. There should be half a dozen sheets for the tiny bed, but no pillow. A big pillow may be provided for the go-cart and a small one to be placed at back or head when the baby is being given air. A coverlet for the cart should also be made. An enameled bathtub for the daily bath and an enameled pith helmet to contain hot water, together with the usual quota of sponges, ivory combs, brush, powder box, talcum shaker, and soap holder, complete the outfit for baby's bath and his comfortable rest.

Every Day Etiquette

"What is the proper thing in visiting cards this season?" inquired Helen of her aunt.
"Women's cards are somewhat smaller than usual and girls' cards are one size smaller than those of their married sisters and are no longer engraved. They may have a delicate touch of color even," replied her aunt.

A recent official survey of iron ore deposits in the Philippines indicated the presence of about 500,000,000 tons of ore in an area of about 40 square miles in one seacoast region.

Washington, D. C., known as the "center of American history, the city beautiful, the mecca of politicians and patriots, the social shrine of plutocrats," claims as another distinction that it is a health resort.

Personal

Mr. and Mrs. Thos. Watson of Bucyrus, O., are here to spend Xmas with relatives and friends.

Mr. and Mrs. Harvey Marple were in town this morning on their way from Philadelphia to Columbus.

William Weber of Columbus was a business visitor in Newark on Monday.

Dayton Schrantz of Fredericktown spent Sunday with friends in Newark.

Mrs. Edward Dunn of North Buena Vista is spending a few days with relatives in Cleveland.

Mr. and Mrs. Nick Savey of North avenue will leave on Wednesday for Logan, O., where they will spend Christmas with Mr. Savey's parents.

Mrs. Clifford Dillon of Cleveland is the guest of her sister, Mrs. Kate Lipscomb at her home in East Main street.

Mrs. E. E. Brown (Mary Morath) of Asheville, N. C., is in the city to spend the holidays with her parents, Mr. and Mrs. E. J. Morath of Tenth street.

Mrs. W. A. Woolson of Mt. Vernon was in Newark Sunday the guest of Mr. and Mrs. F. A. Woolson of Tenth street, and left Sunday afternoon for Chattanooga, Tenn., to spend the winter.

Miss Georgiana Shrader of Springfield, O., is the holiday guest of relatives and friends in the city.

Mrs. J. M. Mitchell and daughter were Columbus visitors today.

Mrs. Karl F. Schultz, who has been ill for the past two months, is now convalescing.

Mr. and Mrs. O. L. Lucas have returned from a two weeks' visit with relatives at Seio, O. While away, their young daughter, Catherine, was seriously ill from chickenpox. She is much improved.

Martin Esterle, who suffered a severe burn to his eyes several days ago at the Wehrle plant, is resting as well as could be expected. He still is confined to the Sanitarium.

Mrs. David G. Wyeth left this morning for Fort Worth, Texas, to spend Xmas and the winter with her daughter, Mrs. C. W. Hutchinson.

She will be joined there later by her daughter Miss Lucy Wyeth now in Chicago.

In order to succeed the young doctor has to be more than merely a patient waiter.

WARNING IS SENT TO TRESPASSERS

Edmund Lee, police superintendent of the Baltimore & Ohio Railroad company, has adopted a unique method of warning trespassers to stay off the company's right of way. The warning is in the form of a personal appeal and is as follows:

Mr. John Doe, Blank street: You are hereby notified to discontinue walking or loitering upon the premises of the Baltimore & Ohio Railroad Company, and your attention is hereby called to Section 6880-e of the Laws of the State of Ohio, passed May 10, 1894. Copy of said law is quoted below the above warning. Captain F. R. Caster, of Newark has received a number of the letters and with the assistance of Officer I. O. Stoffer, also of Newark, are sending them to trespassers in Newark.

The Courts

Will Appeal.
In the case of Mary E. Moore vs. James F. Linsafelter an appeal will be filed in the court of appeals by the defendant. The defendant in his petition of error will ask that the judgment in favor of the plaintiff rendered in the court of common pleas, be reversed. The suit grew out of a real estate transfer.

1914 vs. 1915.
If Dan Cupid wishes to equal his 1914 matrimonial record in 1915 he will have to hurry up for the next week. The marriage license records in probate court for the year ending December 31, 1915, show that 777 licenses were issued against 684 issued to date in 1915. This gives 1914 a lead of 93 and with only seven more working days in December, the little matrimonial agent will have to get busy. During the week beginning December 21, and ending December 31, 1915, 23 licenses were issued. If an equal number is issued this year for the same period, 1915, still will fall short 70 marriages.

Divorce Granted.
Judge Hunter Tuesday awarded a decree of divorce in favor of Frederick C. Brown, B. & O. engineer, from Lucille E. Brown. The plaintiff alleged in his petition that he
